

### **Summer Sports Camp CIT Program**

The Harbor Bay Club is pleased to offer our CIT program again this year. In this popular program, young people who are older than the traditional camper age, but too young for counselor positions, can start the transition from one level to the other. The program is designed for ages thirteen (13) to fifteen (15) years. **CITs MUST be 13 and must have completed seventh grade.** CIT's are not paid staff and are not counted as adults in adult to child ratios. They are given special training and are expected to behave responsibly. They are here to assist the Youth Director, Camp Supervisor, and the camp Counselors in many different capacities.

A positive attitude and excellent team work skills are a must.

CIT applications will be ready for the 2010 camp season starting Tuesday, March 23 at Summer Preview Night (from 6 pm -8pm). Prospective CIT's must fill out and submit this application along with two letters of recommendation. Youth Director Erin Brown and Summer Camp 2010 supervisors will be available that night to answer any questions you may have about the program or the application process. Applications will be due back at the Harbor Bay Club on Monday, May 3, 2010.

Due to this busy camp enrollment season, we will not answer any phone inquiries about the CIT program until after March 23.
