

make-up consultation

One of our professional Estheticians or Makeup Artists will spend 30 minutes with you choosing the best colors for you from our all mineral make-up line, **Colorescience** and giving you basic make-up tips. If you purchase a minimum of \$60 of **Colorescience** during your appointment, \$15 is applied to your purchase.

	<u>HBC Members</u>	<u>Guests</u>
30 minutes	\$15	\$17

(offered by all Estheticians & Makeup Artists)

make-up consultation plus mini makeover

This 45 minute session takes our make-up consultation to the next step! Our Makeup Artist will moisturize your face and then apply your make-up. We will help you choose the **Colorescience** colors that best suit you and do a quick makeover so you can really see first hand what colors are best for you.

About Colorescience
All mineral Makeup

Colorescience all mineral pigments are purely natural, without additives. Colorescience products act as a physical sun block from harmful UVA and UVB rays. Unique formula is actually GOOD for your skin. While pigments look like a powder, they feel like a weightless cream. Colorescience products are perfect for sensitive skin, including acne-prone skin and those with rosacea. Colorescience products are anti-inflammatory. Colorescience products contain ingredients that act as an antiseptic, killing the bacteria that cause acne. The minerals lay on top of the skin, acting as a protective barrier from environmental pollutants. Colorescience products contain NO DYES that are potentially cancer-causing. Minerals actually balance skin, diminishing blemish-causing oils. The minerals seal in moisture, helping soothe and reverse dry skin problems. Colorescience products are extremely water-resistant but wash off easily with a cleanser. Colorescience products are totally animal and eco-friendly. Colorescience is the Purest of all mineral makeup lines on the market. Colorescience is the ONLY makeup line recommended by The Skin Cancer Foundation.
